My team takes great care and pride in producing the best quality seed. Our rigorous testing assures you get the best seed possible. It's not just a word around here, 'Quality' is our way of life when we plant, condition and package seed.

Since 1946... think about it! For over 60 years we have carried on the Lewis service promise and a tradition for the best seed quality. That is key to delivering profitable, high yields and Lewis delivers the best. Thank you for your past business and the opportunity to serve your seed needs for 2010... *One field at a time!*
