

NEW!

1111 Brand

1111 Day

1111 Brand

26-36,000

PLACEMENT RECOMMENDATIONS / TIPS:

- New conventional corn product that replaces 811 Brand and 6442 Brand with impressive yield potential
- Excellent test weight and grain quality makes this product a likely successor to 6442 Brand
- Best suited, on average, to better soil types
- In heavy disease areas fungicide would be recommended
- 5 bu+ better than 813 Brand across 2 years – *and* slightly drier, better stalks, equal roots, slightly shorter and similar ear height
- Initially position on rotated acres

Refer to page 8 in our 2010 Seed Guide for more information on the Lewis Premium Grains Program.

Package with the following complimentary products:

Early Vigor	1	Test Weight	2
Root Strength	3	Anthracnose	4
Stalk Strength	2	Leaf Blight	
Staygreen	5	Anthracnose	5
Drydown	3	Stalk Rot	
Corn on Corn	3	Southern Leaf	4
Fungicide Response	2	Blight	
Drought Tolerance	4	Northern Leaf	4; 3
Gray Leaf Spot	3	Blight Race	
Cob Color	Red	1 & 2	
Kernel Rows	16 - 18	Common Rust	2
Sugg. Planting Pop.	26 - 36K	Plant Height	MT
		Ear Height	MH

1 = Excellent > 9 = Poor

Yield/Harvest Data and Notes:

ALL INFORMATION IS BASED ON COMPARISONS TO LEWIS HYBRIDS AND FOR THE SOLE USE OF MAKING COMPARISONS. PERFORMANCE OF LEWIS SEED CORN MAY BE ADVERSELY AFFECTED BY ENVIRONMENTAL, MANAGEMENT, AND OTHER FACTORS BEYOND OUR CONTROL. NO WARRANTIES, EITHER EXPRESSED OR IMPLIED AS TO THE PERFORMANCE, ARE INTENDED.

Disease ratings are from multiple observations of both natural and artificial infestations.

Building seed relationships by providing specific placement of regionally-adapted solutions backed by the year-round Lewis Service Promise of treating you like family.

Monsanto Company is a member of Excellence Through Stewardship® (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Biotechnology Industry Organization.

Before opening a bag of seed, be sure to read and understand the stewardship requirements, **including applicable refuge requirements for insect resistance management**, for the biotechnology traits expressed in the seed as set forth in the Monsanto Technology/Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with those stewardship requirements.

IMPORTANT: Grain Marketing and Seed Availability: Genuity™ SmartStax™ has received the necessary approvals in the United States, however, as of August 24, 2009; approvals have not been received in certain major corn export markets. **Genuity™ SmartStax™** will not be launched and seed will not be available until after import approvals are received in appropriate major corn export markets. **B.t. products, including Genuity™ SmartStax™** may not yet be registered in all states. Check with your Monsanto representative for the registration status in your state.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready® crops contain genes that confer tolerance to glyphosate, the active ingredient in Roundup® brand agricultural herbicides. Roundup® brand agricultural herbicides will kill crops that are not tolerant to glyphosate. **IMPORTANT: Grain Marketing and Seed Availability: Genuity™ VT Triple PRO™** has received the necessary approvals in the United States, however, as of **August 24, 2009**, approvals have not been received in all major corn export markets. **Genuity™ VT Triple PRO™** seed will only be available as part of a commercial demonstration program that includes grain marketing stewardship requirements. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Consult with your seed representative for current stewardship information.
